Elizabeth C: Ocean Tug: Length: 126' Beam: 34'

DB Ben Weston: Derrick Barge: 110' x 48' x 10.5"

Crane Barge Service:

Our operations are supported by a capable fleet of assets comprised of not only tugs and barges, but also inclusive of associated auxiliary equipment: anchor systems, hydraulic packs, generators, etc.

Easy accessibility to equipment offers us an advantage to mobilize quickly; it also provides more opportunities to swiftly contrive more efficient solutions in the field.

As a service provider, our objective is to improve the management of schedules and budgets via results-driven self-performance. Our experienced, knowledgeable crew work safely and efficiently to provide high-quality services to our customers.

Our Services Include:

- Incline Testing
- Weight Testing
- Anchor and anchor chain servicing
- Project Cargo
- Port Services
- Terminal Services
- Pile Driving
- Dredging
- Wharf Repair
- Heavy Lift and Multi Crane Lifts
- Salvage / Wreck Removal
- Ship Husbandry
- Berthing Barges
- Accommodations Barges
- Harbor Towing
- Ocean Towing
- Ship Assist
